# It's time to sign up for Medicare—now what?

By now, you've probably received what feels like an avalanche of mail from an endless array of healthcare providers and insurance companies promising you they have your best interest in mind.

All of these carriers are asking you to trust them by signing up for their services. But wading through everything they are offering can leave you feeling confused and frustrated. What plan should I choose? How do I compare and contrast all of my choices? Who can help me? Who has my interests in mind? That's where we come in.

As licensed insurance agents, we specialize in Medicare health plans for people like you. Contact us to discuss your Medicare health plan options including Medicare Supplement, Medicare Advantage, and Part D Prescription Drug Plans. Having access to these Medicare health plans allows us to shop the right options for you – saving you the time and hassle of navigating Medicare alone.

Already have Medicare? Getting a second opinion is always a wise idea, especially when it's a purchase as important as your health care coverage.

# We can guide you through the process.

At Buska Retirement Solutions, we're passionate about helping you navigate the Medicare maze with clarity and confidence.

## We're experienced at working with people who:

- ✓ Are turning 65 and beginning the Medicare process
- ✓ Will lose their healthcare through their employer or their spouse's employer
- ✓ Want a thorough review of their existing coverage to determine if they are enrolled in a plan that meets their specific needs
- ✓ Want to determine if their health goals are in line with their current plan

*We are not affiliated or endorsed by the Social Security Administration, federal Medicare program, or any other government agency. We do not offer every plan available in your area. Currently, we represent 6 organizations which offer 342 products in your area. Please contact Medicare.gov, 1-800-MEDICARE, or your local State Health Insurance Program (SHIP) to get information on all of your options. Calling the number above will direct you to a licensed agent.*

# Put aside the *endless* pile of Medicare mail!

Our licensed agents will help you identify the plans that meet your needs, and compare the costs and coverage details for only those plans so you can comfortably and confidently choose the one that is right for you.

This service is provided at no cost to you and has no effect on your plan rate.

And don't forget, if you're not currently receiving Social Security benefits, your Medicare enrollment may not be automatic. In that case, you may consider signing up three months before you turn 65, otherwise your Medicare benefits could be delayed. We're happy to guide you through the enrollment process.
